

WHO WOULD YOU LIKE TO SEE WIN THE LIFE SCIENCES WOMEN OF INFLUENCE AWARD 2018?

Dr Dianne Jackson-Matthews
Director ERA Consulting (Australia), Chief Scientific
Officer, ERA Consulting Group

Dr Dianne Jackson-Matthews is an exemplary scientist with over 30 years of experience in the Life Sciences. From her doctoral/post-doctoral studies in Australia/US to senior leadership roles at US-biotechs, she has achieved global recognition within the spheres of pharmaceutical product development and regulatory affairs. Her skill for retaining detailed information and solving complex scientific issues has led to successfully become Chief Scientific Officer at a leading international consultancy and adjunct Professor at the University of Queensland. She is recognised as an expert in her field and as a woman of influence by her peers and colleagues. Dianne is frequently invited to present at international conferences on topics such as development and registration of products, including drugs, biologics, and cell/gene therapies. She will endeavour to use the prize to meet with scientists, regulators and drug developers to ensure that safe and innovative therapies reach the market as quickly as possible.
